Dear Sir:

Applicant hereby petitions to withdraw the holding of abandonment that has been imposed in this case. The fee for the petition under 37 CFR 1.181, as stated in 37 CFR 1.17(f) of \$400.00 is enclosed herewith. Applicant hereby also petitions to have the Patent Office accord the filing date for Applicant's correspondence filed on November 10, 2004 by Express Mail. Applicant believes that no fee for the petition under 37 CFR 1.10(e) is required. If this belief is in error, or the fees have been amended without Applicant's knowledge, Applicant authorizes the Commissioner to pay any

underpayment of fees or pay any additional fees that may be required by this paper by withdrawing them from Deposit Account No. 03-4075.

PETITION TO REMOVE HOLDING OF ABANDONMENT

UNDER 37 C.F.R. §§ 1.181 and 1.182

A Notice of Abandonment for this case was mailed April 10, 2006. This paper with these petitions is being filed within two months of receipt of the Notice.

Applicant's last communication to the Patent Office in this file was sent November 10, 2004. Applicant's communication on November 10, 2004 was a Request for Continued Examination, which was filed in response to the Notice of Allowance and Fee(s) Due, mailed August 10, 2004.

The Notice of Abandonment states that the application has been abandoned because of "Applicant's failure to timely file a proper reply to the Office letter mailed on 12 August 2005."

Applicant believes that it is improper to issue a Notice of Abandonment on this basis, as the Paper mailed by the Patent Office on August 12, 2005 was an improper action taken by the Patent Office, and further did not require a reply in order for prosecution of the Application to continue.

The Paper of August 12, 2005, states "The information disclosure statement filed November 10, 2004, fails to comply with provisions of 37 CFR 1.97, 198 and MPEP 609 because it lacks a statement as specified in 37 CFR 1.98(e)". The statement specified in 37 CFR 1.98(e) is a necessary requirement when Applicant has filed an information disclosure statement and failed to meet the requirements of 37 CFR 1.98(b). The statement under 37 CFR 1.98(e) relates to the time at which Applicant or the individuals designated in 1.56(c) received the information contained in the statement.

The request by the Patent Office on August 12, 2005, to comply with 37 CFR 1.98(e) was improper, because Applicant has complied with the requirements of 37 CFR 1.98(b) by submitting the Information Disclosure Statement with a Request for Continued Examination on November 10, 2004, as specifically set forth in 37 CFR 1.98(b)(4). The proof that Applicant filed the information disclosure statement referred to in the request of August 12, 2005 is set forth in detail below with respect to Applicant's Petition under 37 CFR 1.10(e) and is attached hereto as a copy of the papers filed on November 10, 2004.

Furthermore, no reply was needed by Applicant to the request of August 12, 2005, because had the papers been put in the file with the Request for Continued Examination, the Patent Office should have issued an Office Action on the Merits.

The only proper requirement in this file imposed by the Patent Office is the one of August 10, 2004, when the Patent Office allowed the application and issued the Notice of Allowance and Fee(s) Due.

Applicant timely responded to that request by filing a Request for Continued Examination with the necessary submission on November 10, 2004; paying the required filing fee of \$790.00 (check No. 11190); and authorizing the Commissioner to pay any underpayment of fees to Deposit Account No. 03-4075. Therefore, Applicant has timely responded to the Notice of Allowance and Fee(s) Due mailed on August 10, 2004, and this case should have been given to the Examiner to be examined.

Applicant respectfully requests that the Patent Office, on the basis of this petition, withdraw its holding of abandonment and accept and process the Request for Continued Examination that was timely filed on November 10, 2004.

Applicant would also like to note that in the request of August 12, 2005, the Patent Office stated that no copy of reference C30 was provided. Applicant is providing a copy of this reference along with all of the other references that were provided on November 10, 2004, with this paper. In fact this reference was provided on November 10, 2004, as is evidenced by the Express Mail number EV459414405 appearing on the paper. See the enclosed copy.

Also with respect to the request of August 12, 2005, the Patent Office stated that references C14, C31 and C32 did not have publication dates. With respect to reference C14, Applicant is unaware of the date when this was found on the internet as Applicant stated on November 10, 2004. Applicant provides this information to show the Examiner what Applicant believes to be the commercial embodiment of US Patent 6,298,612 which Applicant has already submitted in this file. With respect to reference C31, as this was a provisional patent application, it was never published, but as Applicant states in the Information Disclosure Statement mailed November 10, 2004, it was viewed by an employee of the assignee of the present application. Applicant also provides it in connection with the US patent granted thereon – US 5,870,870 which Applicant has supplied to the Examiner. With respect to reference C32, this is a drawing that has never been published. This drawing is meant to aid the Examiner's understanding of the prior art and in particular reference C27 as is stated in the Information Disclosure Statement submitted on November 10, 2004.

PETITION TO ACCORD FILING DATE FOR EXPRESS MAIL
CORRESPONDENCE RECEIVED BY P.T.O. (UNDER 37 C.F.R. § 1.10(e))

This application should still be pending as a Request for Continued Examination was timely filed on November 10, 2004. The Request for Continued Examination and its submission was mailed by the United States Postal Service utilizing its Express Mail service on November 10, 2004. Applicant respectfully requests that the Patent Office acknowledge that these documents were received on November 10, 2004.

Applicant believes that the papers submitted by Express Mail Service on November 10, 2004, have not been received because Applicant has received a Notice of Abandonment in this case. Applicant received the Notice of Abandonment on April 10, 2006. This petition is being filed promptly thereafter. 37 C.F.R. § 1.10(e)(1).

The following attached papers are those required by 37 C.F.R. § 1.10(e):

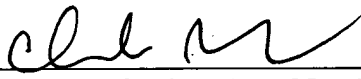

1. A true copy of the originally-deposited papers and fees: the Request for Continued Examination, the submission in the form of an information disclosure statement, form PTO/SB8A and the accompanying references. Applicant is not enclosing the full references again to avoid redundancy in the file; however, Applicant is including the first page of each reference. All but two of the enclosed copies of the references (the two being references C9 and C26) show that the first page of each of these references were stamped with the Express Mail number EV 459414405. Applicant would be most happy to forward any references to the Office, if so requested. The copies of the Request, the submission and form PTO/SB8A show that the Express Mail label was indicated on each paper.
2. A true copy of the returned Post Card showing receipt of these papers by the P.T.O.
3. A copy of the canceled check showing the date for the fee payment for this correspondence.
4. A true copy of the "Express Mail" mailing label showing the "date-in."
5. A true copy of the postal receipt for the Express Mailing, showing the date of deposit.
6. A true copy of the check used to pay for the Express Mailing service, showing the date of endorsement as November 10, 2004.
7. A statement by Charles R. Cypher on the basis of personal knowledge that the correspondence was originally deposited with the United States Postal Service on November 10, 2004, and that the attached copies are true copies of that correspondence and the mailing label accurately reflects the date of the filing of the correspondence.

In consideration of these submissions and explanations, it is respectfully requested that the holding of abandonment be withdrawn, and that the application proceed to examination on the basis of the Request for Continued Examination filed on November 10, 2004.

I, Charles R. Cypher, having been duly warned that willful false statements and the like so made are punishable by fine or imprisonment or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this document or the instant application, I hereby declare that I am authorized to execute this document; that the facts set forth herein are true; that all statements made of my own knowledge are true; and that all statements made on information and belief are believed to be true.
